Pricing

*Session Fees

Basic Portrait Session Fee: \$75

Portrait session fees include a pre-session consultation, time and talent of the photographer, and up to 2 hours of on-location shooting time. Sessions include up to 4 people. Add \$25 for each additional person.

Newborn Session Fees: \$100

These sessions typically take place between 4-10 days after birth and last up to 3 hours. Parents and siblings are photographed with the newborn during these sessions, but emphasis will remain on the newborn. All newborn sessions include 25 flat, press printed birth announcements.

Cake Smash Session Fee: \$50

Capture your soon to be one-year-old's first attempts at eating, wearing, and playing with cake. These mini sessions are so much fun and are supposed to be really messy. You provide the cake and diaper cover.

Maternity/Newborn Plan: \$150

Maternity sessions are best booked for the beginning of your third trimester. This particular plan is a ½ off Maternity session with purchase of Newborn session. Newborn session must occur within two weeks of birth and scheduled before baby is born. Every newborn session comes with a complimentary set of press printed, flat birth announcements.

*All session fees are non-refundable and due upon booking to secure your session date. Your session is not "booked" until the session fee has been paid. I reserve the right to offer your session up to other clients if the session fee is not paid within 3 days of invoice being sent. 48 hrs is required for cancellation and you will be re-scheduled where there is availability and subject to current pricing on sessions and prints. Within 2-3 weeks of your session, you will be presented with a link to an on-line gallery of images for you to proof. Orders should be placed within 7 days. After 7 days your gallery will automatically expire and a fee of \$50 will apply to re-load your gallery for one week. Your order should be ready within 3-4 weeks. Note that some products may take longer to arrive. If purchasing a session plan, orders should be placed for previous sessions before your next session will occur.

***A \$250 minimum print order is required per session. This does not include session fees. On average, clients usually spend \$500-\$2,000 per session based on their portrait needs.**

*Portrait Parties

This is not your ordinary tupperware party! Instead of getting just a discount on items, as the host or hostess you'll receive a free mini session and be able to earn free prints/products. Your guests, who will have to sign up for slots in advance, are photographed during your party. This works really well around holiday seasons such as Christmas, Valentines Day, Mother's and Father's days, Easter and Halloween. We can work together to come up with an attractive print and product package for your guests. For example, during the holiday season, part of the package can contain press printed cards. Contact me for more information.

*Referral Program

Earn a \$50 gift card to Paper Lantern Photography every time you refer a friend and they book a session. At the completion of your friend's session, you will receive your \$50 gift card in the mail. You can also use multiple gift cards toward another photo session. This is available after your first paid session, to be used on future sessions. Ask about our referral program.
